

November 3 - 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 1: 3rd November, THURSDAY				Free paper presentation
1	08:30-10:00	Knee	Shoulder	Hip
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
2	10:30-12:30	Knee	Shoulder	Foot & Ankle
	12:30-14:30	LUNCH BREAK		
3	14:30-16:00	Knee	Shoulder	Sports
	16:00-16:30	COFFEE BREAK		
4	16:30-18:00	Knee	Sports	Shoulder
Day 2: 4th November, FRIDAY				
5	08:30-10:00	Knee	Sports	Physio / Rehab
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
6	10:30-12:00	Knee	Sports	Physio / Rehab
	12:00-14:00	PRAYER TIME and LUNCH BREAK		
7	14:00-15:30	Hip	Sport	Physio / Rehab
	15:30-16:00	COFFEE BREAK		
8	16:00-17:30	Hip	Foot & Ankle	Physio / Rehab
Day 3: 5th November, SATURDAY				
9	08:30-10:00	Hip	Foot & Ankle	Nursing
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
10	10:30-12:30	Hip	Foot & Ankle	Nursing
	12:30-14:30	LUNCH BREAK		
11	14:30-16:00	Hip	EGAA	Nursing

November 3 - 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 1: 3rd November, THURSDAY				Free paper presentation
	(08:30-10:00)	Knee (Kinematics in TKR)	Shoulder (Instability, Moderators: Dr. Attaalh Alrefaee & Dr. Jaap Willems)	Hip
1	08:30-08:40	Knee Arthroplasty Kinematics : News You Can Use – Jean Noel Argenson	Bone defects in instability, how to diagnose, how to treat – Jaap Willems	
	08:40-08:50	Biomechanical Aspects of the Knee Alignment – Frederic Picard	Approach to unstable joint in the middle east – Ibrahim Hijazi	
	08:50-09:00	Would "Novel Biomechanical Approaches to Enhance TKR "suit"? – Peter Theobald	Management of first time dislocator – Brian Cole	
	09:00-09:10	Femoral Sizing in 2016 – Samih Tarabichi	Double row Bankart repair, a new Era –Khalid Shohayeb	
	09:10-09:20	Frontal Positioning of the femoral component in TKR: is 90 degrees optimal? – Philippe Neyret	Failed anterior instability repair – Boris Poberaj	
	09:20-09:30	Biomechanics of the Fixation of the Cementless Tibial Components – Pointers for Success – Philip Noble	Mini-invasive Latarjet, Aspetar experience – Philip Landreau	
	09:30-09:40	Asymmetric Tibia Tray: Why? – Murat Bozkurt	Locked posterior dislocation – Khalid Shohayeb	
	09:40-09:50	What Beyond the Concepts? – Mohamad Elfekky	Management of posterior instability – Philip Landreau	
	09:50-10:00	Q and A	Discussion	
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
	(10:30-12:30)	Knee (Pearls in Primary TKR)	Shoulder (Rotator cuff, Moderators: Dr. Mohamad Loay Jabban & Dr. Philip Landreau)	Foot & Ankle
2	10:30-10:40	Navigation and Computer – Assisted Surgery in TKR – Frederic Picard	Rotator cuff repair: how are we really doing? – Brian Cole	
	10:40-10:50	Common Implant Positioning Errors in TKR – Lessons from the Computerized Bio -Skills Lab – Philip Noble	Long head of biceps- tenotomy or tenodesis? – Boris Poberaj	
	10:50-11:00	Bilateral simultaneous TKR using PSI technique – Mahmoud Hafez	Management of massive cuff tears in younger patients – Ludwig Seebauer	
	11:00-11:10	A New Classification for the Varus Knee - Emmanuel Thienpont	Augmentation of rotator cuff repair by long head of biceps tenodesis: are results better? – Khalid Shohayeb	
	11:10-11:20	Mid-Flexion Instability: How to Avoid it? – W. Norman Scott	Biologics in Shoulder repair – Brian Cole	
	11:20-11:30	How to decrease the Risk of Infection in TKR Surgery? - Cengiz Sen	Failed rotator cuff repair: why and what comes next? – Ludwig Seebauer	
	11:30-11:40	Use of all Poly Tibia - Mojieb Manzary	Shoulder stiffness: how to diagnose, how to treat? – Boris Poberaj	
	11:40-11:50	Difficult primaries TKR what level of constraint? - Wolfgang Klausner	<i>Discussion</i>	
	11:50-12:00	Innovations in TKA – reality and dreams – Stefan Egli		
	12:00-12:10	Patient expectation and outcomes post TKR – Ali Al- Belooshi	<i>Case Challenge : Ask the Experts</i>	
	12:10-12:20			
12:20-12:30	Q and A			

November 3 - 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 1: 3rd November, THURSDAY				(Free paper presentation)
	12:30-14:30	LUNCH BREAK		
	(14:30-16:00)	Knee (Technical Challenges in TKR)	Shoulder (ARTHRITIS, ARTHROPLASTY, FRACTURES, Moderators: Dr. Khalid Shohayeb & Dr. Brian Cole)	Sports (Moderators: Dr. Stefano Zaffagnini, Dr. Charles Brown)
3	14:30-14:40	Oversizing and Soft Tissue Impingement – Murat Bozkurt	Shoulder arthritis in young patients: how to manage? – W. Jaap Willems	RADIOLOGICAL IMAGING AND KNEE CHONDRAL INJURIES – Rene Verdonk
	14:40-14:50	Unexpected MCL Insufficiency in TKR – Samih Tarabichi	Reverse shoulder arthroplasty for cuff tear arthropathy – Ludwig Seebauer	Cartilage Restoration: Indications and Decision-Making – Brian Cole
	14:50-15:00	Severe Varus-Valgus Deformities – W. Norman Scott	Reverse shoulder arthroplasty for fractures – W. Jaap Willems	ALGORITHM FOR TREATMENT OF FOCAL CHONDRAL LESIONS IN YOUNG PATIENTS – Rene Verdonk
	15:00-15:10	TKR in an Ankylosed Knees and extreme Fixed Flexion Deformities – Shahid Noor	Revision Shoulder arthroplasty – Ludwig Seebauer	Is Mosaicplasty still an option for cartilage treatment in sports? – Joao Mendez
	15:10-15:20	TKR after femoral Osteotomy – Philippe Neyret	Periprosthetic fractures in shoulder arthroplasty – Mohamad Loay Jabban	Management of OCD – Karl Fredrik Almqvist
	15:20-15:30	TKR in Juvenile Idiopathic Arthritis : Technique and Outcomes – Sam Oussedik	What to do if Reverse shoulder arthroplasty fails? – Ludwig Seebauer	Allograft use in cartilage repair – Sohrab Keyhani
	15:30-15:40	TKR in Morbidity Obese – Rashed Al Shaeel	Management of distal clavicle fractures in our community – Mohamad Loay Jabban	PRP, Stem Cells and More in Cartilage Repair and OA – Brian Cole
	15:40-15:50	TKR in patients with alkaptonuria, is there a difference? – Jamal Al Shawabkeh	Discussion	UPDATE ON THE LATEST CELL THERAPY FOR CARTILAGE REPAIR – Murat Bozkurt
	15:50-16:00	Q and A		Q and A
	16:00-16:30	COFFEE BREAK		
	(16:30-18:00)	Knee (Pre-TKR and Alternatives)	Sports (Moderators: Dr. Brian Cole, Dr. Robert Smigielski)	Shoulder
4	16:30-16:40	Early Intervention for Knee OA: Subchondroplasty Procedure – Peter Sharkey	IMAGING OF THE PATELLOFEMORAL Instability – Philippe Neyret	
	16:40-16:50	Indication for Isolated Patello-femoral Arthroplasty – Emmanuel Thienpont	MEDIAL PATELLOFEMORAL LIGAMENT: ANATOMY, INJURY – Stefano Zaffagnini	
	16:50-17:00	The Grey Zone between Arthroscopy and TKR in the Young Patient – Karl Frederik Almqvist	Strategies for reconstruction of the MPFL – Ma'ad Al Saati	
	17:00-17:10	Open Wedge – High Tibial Osteotomy –Technical Update – Yaqub Al Hammadi	Femoral positioning in MPFL reconstruction : radiographic vs anatomical landmarks) – Rene Verdonk	
	17:10-17:20	UKA for medial compartment arthritis of Knee Joint – Cengiz Sen	Original MPFL reconstruction with fascia lata allograft – Stefano Zaffagnini	
	17:20-17:30	Uni knee a boon for Octogenarians – SKS Marya	TIBIAL TUBERCLE OSTEOTOMY – Joao Mendez	
	17:30-17:40	Long-Term Outcomes of UKA – Jean Noel Argenson	PATELLA DISLOCATION & CHONDRAL LESIONS – Harold Vanderschmidt	
	17:40-17:50	UKA To TKR : Technique & Pearls – Andrea Baldini	Revision of Patello femoral Surgery: Analysis and Treatment of recurrent instability – Philippe Neyret	
	17:50-18:00	Innovation or Fashion Adipose Derived (Stem) Cells in Orthopedics – Khalid Al Hammadi	Q and A	
	18:00-18:10	Non-Surgical Interventions for Arthritis –Related Knee Pain – Ali Zahran		
	18:10-18:20	Q and A		
	18:20-18:30	END OF DAY 1		

November 3 - 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 2: 4th November, FRIDAY				
	(08:30-10:00)	Knee (TKR Complications and Infections)	Sports (Moderators: Dr. Nader Darwich, Dr. Stefano Zaffagnini)	Hip
5	08:30-08:40	Diagnosis of Periprosthetic Infection in TKR – Phil Chapman-Sheath	New approach to ACL anatomy - The tibial and femoral footprint – Robert Smigielski	
	08:40-08:50	How I would treat Infected TKR : Update on Recurrent Infections – Wolfgang Klauser	ACL: Epidemiology of Disease, Prevention and Return to Sport – Brian Cole	
	08:50-09:00	Malrotation of the Tibial Component in TKR : The Impact of Implant Design and Surgical Experience – Philip Noble	ACL Tears : Conservative Vs. Surgical treatment – Karl Fredrik Almqvist	
	09:00-09:10	Instability Following Primary TKR – Jean Noel Argenson	Primary ACL repair – Stefan Eggli	
	09:10-09:20	Postoperative Stiffness in TKR – Jorma Pajamaki	Single-bundle ACL Reconstruction in Athletes – Joao Mendez	
	09:20-09:30	Extensor Mechanism Problems & Solutions in TKR – Andrea Baldini	Ribbon to ribbon technique in ACL surgery - 4 years follow up – Robert Smigielski	
	09:30-09:40	Periprosthetic Fractures – Tarek Abu Zakuk	ACL Reconstruction with quadriceps tendon – a new technique – Stefan Eggli	
	09:40-09:50	Residual Post TKR Pain, is it Normal or Complication? – Muheiddin Al Khatib	Intraoperative complications in ACL Reconstruction – Nader Darwich	
	09:50-10:00	Q & A	Q and A	
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
	(10:30-12:00)	Knee (Revision TKR)	Sports (Moderators: Dr. Pascal Christel, Dr. Murat Bozkurt)	Physio / Rehab
6	10:30-10:40	Principles of Knee Revision: What if Knee is Stiff, Unstable or Loose? – Jorma Pajamaki	ACL tear in Children and Adolescents – Nader Darwich	
	10:40-10:50	Extensile Approach & Extraction of Implant in TKR Revision – Shahid Noor	Anterior Cruciate Ligament Reconstruction in Children With A Quadrupled Semitendinosus Graft – Xavier Cassard	
	10:50-11:00	Restoring Stability, Joint Gap and Soft Tissue Balance in TKR Revision TKR – SKS Marya	Antero Lateral Ligament reconstruction for anterior knee instability – Pascal Christel	
	11:00-11:10	Right Level of Constraint : How I select the Prosthesis in TKR Revision – Wolfgang Klauser	Long term outcome of ACL plus extra-articular plasty reconstruction – Stefano Zaffagnini	
	11:10-11:20	Using Stems in TKR Revision – Stefan Eggli	Revision ACL reconstruction: What to do when it goes wrong – Charles Brown	
	11:20-11:30	Bone Loss in Patella during Revision TKR : Management & Treatment – Phil Chapman-Sheath	Anatomical reconstruction of PCL using BTB – Robert Smigielski	
	11:30-11:40	Bone Defects in TKR Revision : structural bone allografts, cones & wedges – Sam Oussedik	Arthroscopic Insertion of PCL avulsion – Ahmed Rizk	
	11:40-11:50	Revise of Revision – Andrea Baldini	Multiple Ligament Injuries – Mohamed Razi	
	11:50-12:00	Q & A	Q and A	
	12:00-14:00	PRAYER TIME and LUNCH BREAK		

November 3 - 5, 2016

Session	Timing	HALL A	HALL B	HALL C
Day 2: 4th November, FRIDAY				
	(14:00-15:30)	Hip (Primary Hip)	Sports (Moderators: Dr. Harold Vanderschmidt, Dr. Xavier Cassard)	Physio / Rehab
7	14:00-14:10	implant rational in primary THR – Sanjiv Marya	New anatomical approach to meniscus surgery – Robert Smigielski	
	14:10-14:20	Innovative techniques for difficult primary THR – Mohammad Albolghasemian	Meniscus repair & meniscectomy: indications and techniques – Rene Verdonk	
	14:20-14:30	THR after fracture acetabulum – Muheiddin Al Khatib	RAMP lesion medial meniscus repair :New technique – Sohrab Keyhani	
	14:30-14:40	THR after failed internal fixation – Sanjiv Marya	Lateral meniscus root repair: why and how – Charles Brown	
	14:40-14:50	THR for fused hips – Fouad Zamel	Meniscus substitutes and transplantation – Murat Bozkurt	
	14:50-15:00	THR for Crowe type 3 and 4 DDH – Afshi Taheriazam	Long term outcome of Meniscal prosthesis – Stefano Zaffagnini	
	15:00-15:10	THR for protrusion acetabuli – Arun Mullaji	Management of failed meniscus transplants – Brian Cole	
	15:10-15:20	The use of S- rom in complex primary hip – Sudhir Kapoor	Is sport possible after Allograft meniscus Transplant – Stefano Zaffagnini	
	15:20-15:30	Discussion		
	15:30-16:00	COFFEE BREAK		
	(16:00-17:30)	Hip (Revision THR I)	Foot & Ankle (1. Trauma in Foot and Ankle; 2. Ankle AO)	Physio / Rehab
8	16:00-16:10	How to remove a well fixed cemented implants – Ahmed Alghamdi	New methods of treatment of calcaneal fractures – Maan Taba	
	16:10-16:20	Acetabular revision; uncemented or augments – Mike Cronin	Syndesmosis injuries: A new Knotless approach for an often missed injury – Nasef Mohamed	
	16:20-16:30	Trabecular metal in substantial bone loss – Mansour Abolghasemian	Lisfranc injuries – Fabian Krause	
	16:30-16:40	Impaction grafting and TM augments in the acetabulum - a new surgical option in revision surgery – Wolfgang Klausner	Surgical management of common ankle soft tissue injuries in sports and trauma – Kaser Nazir	
	16:40-16:50	Aceatbular revision cages Vs augments – Afshin Taheriazam	The future of ankle arthroplasty – Hani El Mowafi	
	16:50-17:00	The role of cages in acetabular revisions – Ayman Ebeid	STAR Ankle: Where are we today?" – Keith Wagner	
	17:00-17:10	Impaction Grafting – Fouad Zamel	Review of cementless TAR (advantages, disadvantages and outcome) – Fabain Krause	
	17:10-17:20	Acetabular defects associated with extensive metalosis: how to solve and outcome of reconstruction – Ayman Ebeid	Arthroscopic ankle fusion – Maan Taba	
	17:20-17:30	Discussion	Management of Charcor arthropathy – Caterina Obrador	
	17:30-17:40		Medial double vs triple arthrodesis – Homam Badri	
	17:40-17:50		Q and A	
End of DAY 2				

November 3 - 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 3: 5th November, SATURDAY				
	(08:30-10:00)	Hip (Revision THR II)	Foot & Ankle (Hallux Valgus and Minimal Invasive Surgery)	Nursing
9	08:30-08:40	How to remove a well fixed cementless implant – Ahmed Alghamdi	What to do to have success in the MIS – Mariano De Prado	
	08:40-08:50	Difficult acetabular revisions – Mansour Abolghasemian	"Crescentic Osteotomy in Hallux Valgus Repair" – Keith Wagner	
	08:50-09:00	Treatment options in femoral revision – Wolfgang Klauser	Modified Lapidus procedure for correction of hallux valgus. Our experience – Fabian Krause	
	09:00-09:10	Bone remodeling after femoral revision hip surgery using modular titanium fluted stem – Wolfgang Klauser	A review of multiplanar correction of hallux valgus deformity with scarf and akin osteotomies – Kaser Nazir	
	09:10-09:20	Femoral revision – Wade Gofton	personal experience in hybrid forefoot surgery - Maan Taba	
	09:20-09:30	Revision of cemented femoral stem – Ahmed Abdelaal	Hallux valgusDo we have solution? – Omar Batouk	
	09:30-09:40	Reconstruction of pelvic discontinuity by computer assisted surgery – Mahmood Hafez	Q & A	
	09:40-09:50	Dual mobility cups in revision hip – Ahmed Alghamdi		
09:50-10:00	Discussion			
	10:00-10:30	MORNING TEA and NETWORKING BREAK		
	(10:30-12:30)	Hip (Ongoing Controversies- Crossfires : A- Approaches in Primary THR; B- Cemented vs. Cementless)	Foot & Ankle (Plantar Fasciitis)	Nursing
10	10:30-10:40	Superpath approach concept and early results – Mike Cronin	MIS in Plantar fasciitis – Mariano De Prado	
	10:40-10:50		Pathanatomy of Plantar Fasciitis – Hani El Mowafi	
	10:50-11:00	Superpath approach VS direct anterior approach – Wade Gofton	"Why does conservative management for Plantar Fasciitis fail?" – Keith Wagner	
	11:00-11:10		RCT of cortisone vs. Botox injection for plantar fasciitis: preliminary results – Fabian Krause	
	11:10-11:20	Lateral approach – Ahmed Abdelaal	Surgical management of Planter Fasciitis – Hani El Mowafi	
	11:20-11:30	Posterior approach – Ayman Ebeid	Plantar fasciitis: What is the most recent evidence for management? – Nasef Mohamed	
	11:30-11:40	Discussion	Q and A	
	11:40-11:50	Cemented hip – Ahmed Abdelaal		
	11:50-12:00			
	12:00-12:10	Cementless hip – Mike Cronin		
12:10-12:20				
12:20-12:30	Discussion			
	12:30-14:30	LUNCH BREAK		

November 3 – 5, 2016

Session	Timing	Hall A	Hall B	Hall C
Day 3: 5th November, SATURDAY				
	(14:30-16:00)	Hip (Miscellaneous topics)	EGAA (Moderators: Dr. Mohamad Razi, Dr Hussam El Shafei)	Nursing
11	14:30-14:40	Is it time to reconsider hip resurfacing? – Chris Whately	ACL anatomy revisited – Mohamed Abul Nour	
	14:40-14:50	Cause and prevention of “trunnionosis” through retrieval studies and tribo-corrosion studies – Philip Noble	The rationale for performing ACL reconstruction early than late – Ayman Ebeid	
	14:50-15:00	Pain after total hip arthroplasty: Arthroscopic treatment – Luis Carro	ACL reconstruction: how I do it – Hussam El Shafei	
	15:00-15:10	The Infected total hip arthroplasty - diagnosis and management - new thoughts – Chris Whately	Acute repair/reconstruction of the torn ACL: why and for whom – Roshdy El Salab	
	15:10-15:20	Psoas impingement: Arthroscopic treatment – Luis Carro	Extra-articular augmentation: anterolateral ligament reconstruction or iliotibial tract tenodesis – Mohamed Abul Nour	
	15:20-15:30	Proximal femur Morphometry – Murat Bozkurt	Partial ACL injuries: diagnosis and management – Ayman Ebeid	
	15:30-15:40	Bilateral simultaneous THR – Afshin Taheriazam	A case of ACL deficiency and varus malalignment – PANEL DISCUSSION	
	15:40-15:50	Replacement for type 4 intertrochanteric fracture femur – Fouad Zamel	A case of ACL deficiency in a skeletally immature patient - PANEL DISCUSSION	
	15:50-16:00	Discussion	A case of ACL deficiency in hyper lax/ valgus knee - PANEL DISCUSSION	
END OF CONFERENCE				

November 3 - 5, 2016

	Faculty
Primary + subchondroplasty	
Friday 4 November	
3pm - 10pm	Sam Tarabichi
	Paul Sharkey
	Phil Chapman Sheath
	Wolfgang Klauser
Saturday 5 November	
7:45am - 1:30pm	Sam Tarabichi
	Paul Sharkey
	Phil Chapman Sheath
	Wolfgang Klauser
Revision	
Saturday 5 November	Sam Tarabichi
4pm - 10 pm	

November 3 - 5, 2016

Sunday 6 November	
8am - 1pm
